**MOORE HOUSE PRIMARY SCHOOL DUNFERMLINE**

# Prospectus for Children and Young People

2021-2022

Keeping the promise to children and young people in Scotland

# Hello!

I am Colin Smith the Principal Teacher at Moore House Primary School Dunfermline.

Our school is a happy and safe place where you will quickly realise you can trust our great staff to help you to make new friends, and enjoy all the exciting learning opportunities we can offer you. This prospectus and our website will give you an idea of what it is like to be a pupil at Moore House Primary School - Dunfermline, but we would love you to visit us so that you can see for yourself how special it is.

We look forward to meeting you and welcoming you to our school.

**Colin Smith**

## Why choose Moore House Primary School Dunfermline?

Our greatest strength is our staff who not only will listen carefully to what you have found difficult in previous schools, but also who will help you to overcome the challenges you have faced so that you are keen to attend our school on a regular basis and start to have success and progress. We know you may not have wanted to attend school because of difficult experiences. Moore House Academy - Dunfermline is a very small school of only 3 or 4 boys and girls who will have had similar issues to you. Whatever your issues, our teachers, our classroom assistants and members of our care team have had lots of experience and training, and will know how to help you.

Moore House Primary School Dunfermline is a caring school with an emphasis on mutual respect. We are really like a big family.

“ I like being on the Chromebook. But I learn more in the classroom.”

**Declan - Pupil**

## What can I learn at Moore House Primary School Dunfermline?

We make sure you have a learning programme that helps you to succeed and progress as much as possible. We do lots of our exciting learning out of doors. Around the school we have grounds where we keep hens and where we build raised beds and grow plants. We also explore lots of the countryside around the school including the beaches and hills of Fife.

Our teachers can very quickly assess what level of work suits you and we can offer almost every subject you can think of! As well as English and Maths we have great facilities for art, practical cookery, science, social subjects and PE. Also you can study technology and music online using our virtual classroom. On Fridays you can visit our bigger school at Bathgate where you can make friends with other young people and enjoy fun science experiments, play sports and take part in exciting art activities.

Some of our students find learning difficult but we make sure they have the right kind of support. We will do our best to make sure you can leave our school feeling confident about how well you can learn.

## Will you listen to what I want to say?

We realise that you may have found it difficult to speak up in the past or to make your voice heard in previous settings. As soon as you arrive at our school you will be allocated a key teacher who you will get to know very well and who will help and support you. If you live in one of our houses you will also have a key worker who will take time to listen to you. However, we are sure that because of the small environment and the friendly atmosphere we have created in the school you will gain in confidence and feel able to speak your mind either in private or with a wider audience.

“You get lots of opportunities to do things here. It’s a small school and small classes so teachers can spend more time with you, helping you with your lesson.”

## Will I have to live at the school or can I travel each day?

Some of our students come to school each day by taxi or in their parent’s or carer’s car. Breakfast, snacks and lunch are available at our school and during your first session of the day we make sure you have an opportunity to share how you feel and we will discuss the plans for the day.

Some students live in one of the houses that are in the grounds of the school and in West Lothian and Fife. These students are looked after and cared for by members of our care staff team in our comfortable homes. If you live in one of our homes, your care staff can accompany you to school and may stay there with you to support you with lessons.
